

Vacation Schedule 2009

- The trading on the TASE is transacted Sunday to Thursday and Clearing is executed Sunday to Friday, with the exception of the following vacation schedule.
- Trading is truncated during mid-holidays of Passover (April 12-13) and Sukkot (October 4 - 8). For stocks, bonds and T-bills – the continuous trading stops each day at a time to be set at random, between 14:29 and 14:30. The closing phase begins each day at a time to be set at random, between 14:38 and 14:43. For derivatives – the trading stops at 14:45.
