

## Vacation Schedule 2010

- The trading on the TASE is transacted Sunday to Thursday and Clearing is executed Sunday to Friday, with the exception of the following vacation schedule.
- Trading is truncated during mid-holidays of Passover (March 31-April 1) and Sukkoth (September 26-28). For stocks, bonds and T-bills – the continuous trading stops each day at a time to be set at random, between 14:29 and 14:30. The closing phase begins each day at a time to be set at random, between 14:38 and 14:43. For derivatives – the trading stops at 14:45.
