Dual Listing

Companies traded in the USA and on the London, Hong-Kong, Singapore & Toronto Stock Exchanges (Main Markets) can dual-list their shares on the TASE. Dual-listing, which does not entail significant costs, imposes no additional regulatory burden and offers continuous trading from 10:00 to 23:00 (Israeli time), for companies listed in the USA.

There are currently 50 dual listed companies on TASE and USA or London or Toronto.

[For more information about Dual Listing on TASE.](#)

TASE & Singapore Exchange (SGX) Established Partnership to Grow Cross-Border Capital Raising Opportunities for Technology Companies.

Globalization

Israel is classified as a "developed market" by MSCI, FTSE and S&P and is included in the following international indices: MSCI World, MSCI KOKUSAI, MSCI Europe & Middle East, MSCI EAFE, MSCI EASE, the FTSE All World, FTSE Med-100 indices, and S&P Developed BMI. Trading on TASE is conducted through its members, which include Israeli and international banks and investment houses.
